

April 2010

Welcome to the 2010 Reddan Spring Shootout! This event is in its 10th year and, with nearly 180 teams expected to be competing, is the largest event hosted annually at Reddan Soccer Park.

This event is part of the Reddan Soccer Park Tournament Series, which also includes the Thunder Invitational (May), Toe Bash (September) and Ice Age Classic (October). All four events are intended to emphasize quality competition among teams, positive & enthusiastic support from parents and fans and, above all, Fair Play.

As you spend time in and around Reddan Soccer Park, I hope you are able to enjoy not only the fantastic soccer, but also the natural beauty of the surrounding area. Just to the east of the park, in fact, is the Ice Age National Scenic Trail. It is a thousand-mile-long trail located entirely within Wisconsin. It is one of only eight National Scenic Trails in the United States.

On behalf of Reddan Soccer Park, the Madison Area Youth Soccer Association, and tournament staff, thank you for coming and HAVE FUN!

Chris Lay
Tournament Director
